COMMITTED TO COACH DEVELOPMENT

This year the Sungod Skating Club was able to send Coach Constanze Paulinus and Hana Haraga to the national Ice Summit in Quebec City, Quebec. The events took place from May 25-28, 2022 and they were able to participate in many workshops hosted by sports professionals and world-class experts. Armed with this new knowledge they already have

a in-club coaches' seminar scheduled wherein they will be sharing their information with the other Sungod coaches. The club is so pleased to have been able to provide this development opportunity and bring new exercises and education to the skaters!
